Subject: FW: COVID weekly report /Serious violence

Dear all,

This last page on bulletin I've pasted below, and makes very interesting reading re Cleveland, and confirms how busy we are crime-wise – the only force in the country without a reduction in violent crime.

I understand from discussion with [REDACTED] this morning, we are due meeting with Home Office civil servants on Tuesday next – following this we can then discuss our continuing campaign for Serious Violence resources. All comments welcome.

Regards
Barry
