Dear all,

See below and attached re this morning.

Problem for me on Comms, I dialled into webex but wasn't part of the video call which meant, despite my best efforts, I didn't get to speak – we must address this in advance with [REDACTED] office before the next meeting next Friday.

Basically meeting, after run through of story so far, focussed on their plans for Comms.. I'm entirely happy to let them progress this and front this themselves with AP, and keep a watching brief on the whole process.

Next meeting is next Friday. Any comments welcome.

Regards
Barry

Subject: Local Outbreak Engagement Board

Hello all

Thank you for taking the time to join the meeting this morning - we hope you found it useful. Meetings will be held via Webex, each Friday morning with regularity reviewed at the end of July (joining details are embedded within meeting diary invites, which will be issued shortly). It is likely that there will be information shared on screen at meetings, so joining via video would be beneficial. If you foresee any issues with this, please contact [REDACTED] (cc'd in) who will be able to provide assistance.

Attached to this email are the two presentations given at the meeting and the briefing note referenced on local lockdown enforcement powers. Please note, this paper was prepared earlier this month and so where there have been developments, updates and further detail will be provided at next week's meeting; the agenda for which currently stands as follows:

Local Outbreak Engagement Board Agenda (19/06)

1. Temperature Gun Deployment; launch and media plan
2. Local Outbreak Communications Plan; outline and TVCA involvement

3. Leaflet draft and delivery
4. Local lockdown enforcement powers

If you require anything further, please do not hesitate to get in touch.

Regards,

Our values: Passionate Integrity Creative Collaborative Focussed
