Following earlier discussions at the board today I've shared our progress with [REDACTED] I know he's very much on board, he's well connected in national circles, and in drugs/academia – he may also be able to help us with getting Govt drugs expert [REDACTED] up?

Regards
Barry

[REDACTED]

This will cheer you up – progress report on HAT – the progress these vulnerable people are making and with all the challenges of Covid on top is heartwarming.

I need some national support to get this well-established, so it survives my leaving office next May, whatever happens in the election, (obviously I'll be hoping for [REDACTED] getting in). I'm using Proceeds of Crime income to fund it – makes sense putting the ill-gotten gains proceeds back in.

I wondered if [REDACTED], or anyone else at national level, would be someone who could assist ?

Any thoughts welcome – when this succeeds and it is established I will dedicate it all to [REDACTED] at some point.

Regards
Barry
