**To:** [REDACTED]  
[REDACTED] COPPINGER, Barry  
(C8513); [REDACTED]  
**Subject:** Weekly Update

Dear all

It is worth noting that the information presented in this email are drawn from the weekly intelligence cell briefing and were correct at the time of publication. However, it is drawn from a number of live systems and it remains subject to change, for example where quality assurance checks result in the source record being updated.

1. Safeguarding the Vulnerable

- The number on people on our NHS list of 'extremely vulnerable' is 27,019 which is a very small decrease.
- The number registered who need essential supplies is 4,758 which is up on last week
- Furthermore, 85 care homes operate with restricted admissions (as it was last week) and there is spare capacity of approximately 1450 beds for new residents.

2. NHS

- At time of publication of the information, both North and South Tees Crit-Con Level 0.
- Capacity exists within the NHS critical care setting with 33 available beds (as per last week)
- 6 covid-19 patients are currently being cared for in critical care units (as per last week)

3. Mortality

- 125 deaths have been registered in the Cleveland LRF area over the course of the last week (up by 13 on last week)
- 15 of them are covid-19 related (a drop of 5 from previous week)

4. PPE/Testing

- The testing unit in Middlesbrough can now test up to 800 people a day
- It has a dedicated lane for blue light responders and other key staff members to quickly test if they have come in contact with infected patients
- Military support has been extended until 31<sup>st</sup> July
- As shielding ends on the 31<sup>st</sup> July, contingency plans being developed for those that received food parcels.

5. Community Tensions

- There are no new Community Tension issues to report over and above the updates provided in previous weeks.

The local and regional SCGs are now only held once a week and it is likely (to be confirmed on Tuesday 30<sup>th</sup> June) that they will cease next week and be replaced by a Recovery Coordinating Group (RCG) which is usually chaired by a

senior person at one of our Local Authorities. It is likely to be chaired by [REDACTED] at Stockton Council who will make separate contact when confirmed to assess your appetite for weekly meetings to replace the ones we have shared.

Please do not hesitate to get in touch if there's anything further you need and very many thanks for the support you have provided at (and in between) our weekly calls.

Warm regards

Richard
