Subject: [REDACTED] - minutes of last Police and Crime Panel

Hello Barry

I can update you on that, I've asked [REDACTED] to check if [REDACTED] had made a complaint – he did in December 2018, the summary of which was

This is an incident that happened in December 2018 and one of the 'quick notes' does mention that this may be raised at a Police and Crime Panel by [REDACTED]

This was recorded by DSE on an inbox (not recorded as a formal complaint). He was unhappy with the response by the Police to the incident – this was dealt with by [REDACTED]

[REDACTED]

His grievance was also that he got passed from pillar to post. – He was happy with explanation provided and this was closed as a service recovery complaint. [REDACTED] stated that he would raise at the next P&C Panel and would like the Police to be in possession of more fuller records of vulnerable young people who will be housed in the Cleveland area in the future.

I will update [REDACTED] to say that we would like to raise a discrepancy in the minutes to say that [REDACTED] mentioned the incident but no follow up action was agreed.

Many thanks

Hi Barry,

As discussed, please find attached the suggested response to [REDACTED] question.

How many blanket policies such as not attending none injury RTC,s or not attending burglar alarms do Cleveland Police have and how often are these policies reviewed.

For your discussion with the CC tomorrow, I have left a printout of the attached on your chair in the office.

Kind regards
[REDACTED]
