Dear all,

Fyi and any comments. Thanks to all involved from our office in this, and our local services. May be more to come, of course.

I would like us to give consideration as to whether CSH facilities can be available for partnership meetings at beginning of September – I've done Strategic Hate Crime group yesterday, and the Criminal Justice board, and offered to host face-to-face meetings, appropriately distanced from then if we can. I raised with CC yesterday and he is supportive. Whilst we won't go back to how everything was before, I do think a balanced approach, with some internal meetings technologically supported, and some partnership meetings face-to-face, is the approach we should take.

Regards
Barry

All

As the Covid-19 response moves into the recovery phase, I thought this was a useful document to share with you which is a 'look back' at the last few months. The document has been pulled together by a number of people but special thanks to [REDACTED] (Stockton Council) and [REDACTED] (Cleveland Police). It details the astonishing work of our partners in the Cleveland area during the early months of the pandemic.

At the heart of this response is the extraordinary work of our NHS and key workers in places such as Care Homes, Local Authorities and Supermarkets to name but a few agencies.

As this is an internal document, it would be preferable that its kept just amongst the names included on the email list. Moreover, some of the statistics will be in the process of being confirmed. Of all the statistics included in this document clearly the most sobering is the death of 627 of our community members (April-June only) and our thoughts are with the families.

I am proud of the work conducted by partners here in the Cleveland area over recent months and commend their work to you.

Stay Safe

Richard
